2025-26 School Year

A note from the teachers:

Welcome to Physical Education!
 We are so excited to have your students join us for the 2025-2026 school year. In Physical Education we teach all three grades 6-8th. This school year they will be learning a multitude of inclusive games from soccer to mat ball to ultimate frisbee. Our goal is to make sure your student learns how exercise and movement will positively effect them physically and emotionally! PE leads to a more well rounded education that benefits every student. If there is anything we should know about your learner please feel free to email us!
