

6th Grade Science Work for November 30 - December 4, 2020

This is the third week we cover the geologic history of the Earth. So far, students have had a great time learning about Earth's past. This week, we will begin to incorporate our next unit, The Fossil Record. With this, we will prepare for a unit exam at the end of next week.

What you need to know:

- ☐ **Vocabulary**
 - Fossil Record
 - Geological Timescale
 - Law of Superposition
 - Rock Strata

This week, students are expected to complete the following assignments:

Microsoft Teams:

- ☐ Mass Extinctions in Earth's History (Monday)
- ☐ Geology Reading Science (Tuesday)
- ☐ Geologic Time Interactive (Wednesday)
- ☐ Fossil Record Nearpod, see below (Thursday and Friday)

Nearpod:

- ☐ Monday Warm-Up
 - CODE: **27893**
- ☐ Tuesday Warm-Up
 - CODE: **ABXDW**
- ☐ Wednesday Warm-Up
 - CODE: **4S86W**
- ☐ Thursday Warm-Up
 - CODE: **UQI4P**
- ☐ Fossil Record Lesson
 - CODE: **I9HNE**
- ☐ Friday Warm-Up
 - CODE: **82ABL**

Science Quote of the Week: "Geologists have a saying - Rocks Remember"
-Neil Armstrong
