

Quarter 2 Science Make-Up Work Guidelines:

Hello Parents!

Quarter 2 comes to an end this Friday, January 29, 2021. Because of this, students will be allowed class time on Thursday and Friday of this week to complete any missing or low-scored assignments. In guidance to ensure that students use their time wisely, I have made a list of assignments that will earn students the most impactful amount of credit. Students are encouraged to check power school and see which of these assignments will benefit them the most. Students are also offered an extra credit opportunity in a separate assignment. ****Only these assignments will be offered for make-up. These assignments will be in a Microsoft Teams assignment titled "Quarter 2 Make-Up Work"; they will only be graded there. All assignments close on January 29 at 11:59 PM.**** Please email me at velezc@springfieldpublicschools.com with any questions or concerns.

Assignment	Points Worth
Geology Webquest	15 pts
Fossil Record P.Point Unit	75 pts
